Dear Ms. Smalley:

Thank you and your fine staff for your hard work last year.

We hope you are enjoying this spring.

Once again, I plan to maintain my mining claims in the  
Crack Canyon WSA (UT-060-029A) UMC 215900 et. al. .

This will be through casual use, non-impairment standards  
pursuant to 43 CFR 3802.1-2. This includes monument maintenance,  
chip bulk sampling for X-Ray Diffraction and Electron Microscope  
analyses of the ore, posting, and maintenance of existing  
access to the claims outside the WSA boundary pursuant to  
UTU-70948 (U-67) and S/015/068.

There will be no vehicle use, camping, or any surface  
distrubance within UT-060-029A).

Thank you again for your help.

Best regards,
